Democracy Matters

People across Scotland are being invited to join a conversation about community decision-making to help make public services more locally focused.

You can join in by clicking the image above

As part of the conversation people are being invited to consider a short set of questions on shaping local democracy.

Scottish Water's country-wide consultation, Shaping the Future, has hit the half-way mark. To find out more and have your say click on the image above. They have three main ambitions:

1) Delivering consistently leading customer service 2) Keeping customer prices low 3) Increasing the reliability, resilience and sustainability of their services.

The six-month consultation draws to a close on August 31.

Super Fast Broadband reaches 95% of homes and businesses across Scotland
