Community Update – Jedburgh & District – PS Ali Granger

PC Tait Logan was in Jedburgh Grammar campus in March delivering Early Intervention Driver inputs to S5 and 6 students. This is a hard-hitting case study programme exploring the reasons behind the death of a young driver and what can be done to prevent these devastating collisions in future. This input is in the early stages of delivery and we aim to spread it across the Scottish Borders. Education surrounding this issue is key in tackling our priority of Improving Road Safety. PC Tait Logan will continue to develop this programme in the coming weeks, and it is hoped we can incorporate a driving simulator to enhance the learning outcomes.

Local Area Commander, CI Fletcher also accompanied PC Tait-Logan on a visit to Jedburgh including Jedburgh Grammar on 21st March. He was keen to familiarise himself with the area and is hopeful to attend the next Cheviot Area Partnership meeting on 29th of May in order to meet more community representatives.

Livestock Worrying

A Police Scotland campaign is running throughout March with aim of ensuring dog owners understand the distressing nature of livestock attacks, as well as emotional and financial impacts.

NFU Scotland have stated that from their data, figures show that dog attacks on sheep and cattle in Scotland quadrupled in in the last two years and are running at an all-time high – costing Scottish agriculture over £300,000 a year.

Scottish Borders Police are working with partners to enhance intelligence, prevention and enforcement activity through SBPARC (Scottish Borders Partners Against Rural Crime).

The following advice is given to all dog owners -

- 1 Don't take your dog into fields where there are lambs, calves or other young farm animals.
- 2 If you go into a field with farm animals, keep your dog on a short lead and stay as far away from animals as possible.

OFFICIAL

3 Keep your dog under control at all times and don't allow it to venture into fields unattended.

If you have concerns about a dog not being under control, please call 101 for non-emergencies and in an emergency call 999. More information can be found at [Livestock worrying - Police Scotland](#)
